

ATTENTION

TOWN OF THETFORD RESIDENTS:

Town Wide Forum

The Thetford Selectboard has created a committee to research and present information on a possible change of our current local government structure to that of a Town Manager form of government. This is preparation for an anticipated town vote later this year. This committee will hold a public forum:

June 19, 2018 from 7-9:30pm

at Thetford Town Hall

Please attend to listen critically, ask questions and offer comments throughout the evening! It is vital that residents engage in thoughtful, open conversation about this serious and very substantial potential change in our town governance. Please attend this forum!
